**Yes on 2A-2E will  
repair and improve  
the critical city  
infrastructure we  
rely on every day**

This November, Denver voters have the opportunity to improve everyday life while making our city a more enjoyable place to live, work, and play by supporting smart investments in the city's essential infrastructure.

Voting Yes on 2A-2E will deliver new and improved roads and bridges, parks and recreation centers, libraries, museums and theaters, health care facilities, shelters, emergency response and more across Denver — and we can do this all without increasing taxes.
